

NHRMA Mutual Drives Member Value with Enquiron Partnership

Boston, MA, October 17, 2017

NHRMA Mutual, a member-owned workers' compensation and risk management insurance provider, has chosen Enquiron to provide tangible value to their members. NHRMA Mutual members will receive access to the NHRMA HR-Legal Resource Center beginning in October 2017.

"Our members are facing challenges with continuously changing employment laws and ongoing employee issues and they are expecting more from their trusted advisor and insurance carrier, as well as, expecting great coverage that is cost-effective," said Elizabeth Katsinas, Director of Member Services. "NHRMA understands these challenges and is pleased to partner with Enquiron in order to deliver a convenient, unique service to our members that can potentially save thousands of dollars annually and help them avoid possible losses."

Each NHRMA Mutual member will have instant and unlimited access to Enquiron's award winning HR, employment law, health care and retirement content, tools, and guidance, including articles, training courses, guides, forms and more.

"We are thrilled to be part of NHRMA Mutual's member offering," said Mike Naclerio, President and CEO of Enquiron. "NHRMA is committed to providing their members with the best services available, and we look forward to helping NHRMA demonstrate the far-reaching possibilities that successful member engagement solutions can deliver."

About NHRMA:

NHRMA Mutual is a member-owned, member-controlled mutual insurance company About NHRMA: NHRMA Mutual is a member-owned, member-controlled mutual insurance company that has provided workers' compensation coverage and risk management services for long-term care operations for over three decades. Covering more than 500 locations, NHRMA Mutual works with their members to actively control workers' compensation risk and costs by reducing the frequency and severity of employee injuries, as well as the duration of disability claims. Their unique loss-sensitive program provides immediate savings to those who implement NHRMA-recommended risk management programs. Members can maximize employee safety while minimizing injuries and the consequential costs. NHRMA truly is as close to self-insurance as small- and medium- sized providers can be while still providing a protective "cap" for adverse losses.
